IMPORTANT COURSE SPECIFIC ENROLMENT ADVICE

Course Progression: Students should attempt to follow the standard course progression as outlined on the Course Summary Sheet. Failure to do so could result in difficulties in unit selection because of semester offerings, unit compatibility and timetable clashes.

Failure of Units: Students should be aware that failure of units may result in problems with course progression. It is the student's responsibility to redeem the failed grade(s) in a manner compatible with unit availability and practicum requirements.

Maximum completion time for the course: 10 years

Limits on grades of 3: A new policy concerning grades of 3 comes into effect from 1 January 2009 (QUT MOPP C/9.2). With effect from this date grades of 3 will no longer be considered a conceded or low pass but will be classified as a fail grade. Any grades of 3 awarded prior to 1 January 2009 will retain the conceded pass status and will be counted for graduation purposes up to the maximum number of grades of 3 permitted for your course. Grades of 3 incurred in units that commence after 1 January 2009 will not count towards your degree. The maximum number of pre-2009 grades of 3 permitted for this course can be found [here](#).
