Course Information – Science Component

Students must complete 192 credit points of units offered within the Faculty of Science and meet all the requirements of the core and a major as specified in the SC01 program (refer to the SC01 Course Summary Sheet available on the web at www.studentservices.qut.edu.au/pdfs/css_docs/SC01.pdf). Majors are available in Biochemistry, Biotechnology, Chemistry, Ecology, Environmental Science, Geoscience, Mathematics, Microbiology and Physics.

Students are expected to enrol according to the standard structure outlined in this Course Summary Sheet and are responsible for ensuring that their selection is correct and will lead to the completion of a major in Science.

Limits on grades of 3: A new policy concerning grades of 3 comes into effect from 1 January 2009 (QUT MOPP C/9.2). With effect from this date grades of 3 will no longer be considered a conceded or low pass but will be classified as a fail grade. Any grades of 3 awarded prior to 1 January 2009 will retain the conceded pass status and will be counted for graduation purposes up to the maximum number of grades of 3 permitted for your course. Grades of 3 incurred in units that commence after 1 January 2009 will not count towards your degree. The maximum number of pre-2009 grades of 3 permitted for this course can be found [here](#).

IMPORTANT COURSE SPECIFIC ENROLMENT ADVICE

Blue Card Requirement - Prior to commencing the Education units in this course you will be required to hold a valid Blue Card to enable you to complete the Field Studies requirements of the course. Blue Card applications may take up to 16 weeks to process and it is therefore essential that you ensure you submit your application for the card at least a semester before you are scheduled to undertake any Field Studies units.

If you do not hold a valid card at the commencement of the Field Studies or have not applied for a renewal within the required time frame, you will be unable to participate in the required activities and will need to be withdrawn from the unit(s). This may incur both financial and academic penalty depending on the date the application was submitted. The application form is available at http://www.studentservices.qut.edu.au/enrol/course/spec_req/bluecard.jsp

The Faculty of Education reserves the right not to finalise Field Studies placements for students who fail to take appropriate action to ensure they have a current Blue Card authorised with QUT to cover every semester in which they have a Queensland-based Field Studies unit.

Underloads – it is not expected that a student should underload – i.e. undertake fewer credit points than the standard semester load. If, however, your circumstances require you to undertake fewer units than the standard load, it may lead to difficulties in undertaking units in a timely manner later in the course.

Overloads – it is not expected that a student should overload – i.e. undertake more credit points than the standard semester load. If, however, your circumstances require you to overload you should be aware of the possible academic consequences of an increased study load. A GPA greater than 4 is required to undertake an overload. Please consult the Course Coordinator.

Course Progression – students should attempt to follow the standard course progression as outlined on the Course Summary Sheet. Failure to do so could result in difficulties in unit selection. It is a student's responsibility to ensure they have met pre-requisite and co-requisite requirements when they select their enrolment program.

Maximum Number of Grades of Three: 4* **Maximum Time to Complete Degree:** 11 years
(* with a maximum of three Grades of 3 in either the discipline or education component)

Designated Units: At the end of each year students who have failed to achieve a satisfactory level of performance in a designated unit will be eligible for exclusion. Please refer to the unit outlines for more information and/or <http://www.studentservices.qut.edu.au/assess/performance/performance/designated/>
